## **DETAILED ACTION**

### ***Priority***

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: Claims 1, 3, 4, et 6 have been rejected under 35 U.S.C. 102 (b) as being anticipated by USPN 5,975,711 to Parker et al. The rejection is withdrawn because applicants amended claim 1 to include the subject matter of allowable claim 2., amended dependent claim 2 to depend from allowable claim 5 and added dependent claims 7-9. Further, Claim 1 has an LED backlight module comprising printed circuit board, plural LEDs on the PCB that are disposed in a matrix and LEDs embedded in light transmissive coating on the printed circuit board. Claim 5 adds a plurality of spacers to the limitations of claim 1.

This combination of limitations is not found or taught in the art of record.

Claims 2-4, and 6-9 depend from either claim 1 or claim 5 and are allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
